Subject: Insurance certificate for CAG

Hi Scott

Please take a look at the email below. I need to get back to Wenke today but want to make sure I have the Boro info regarding the insurance correct. Feel free to edit/add etc. I am waiting for language from our attorney as to why EPA can't provide a certificate of insurance either.

I spoke with Scott yesterday. He did check the insurance company requirements and found that since the CAG meetings are not a Boro function and the CAG members would not be covered by the policy, the Boro is unable to provide a certificate of insurance for the CAG meetings. Scott also said he would reserve the July 13 date at the Boro building if the CAG would like to use that venue for the next CAG meeting.

Thanks

Pat
